

Legacy Oil + Gas Inc. is seeking a *full-time*

Battery Operator

The candidate should have valid safety certificates including H2S and First Aid, must have some experience and be familiar with gas and oil field operations. The Battery Operator would take primary responsibility for the cost effective, efficient, safe and environmentally sound operation of numerous wells and facilities in the area of SE Saskatchewan and would report to the area Production Foreman. Any expertise in oil emulsion treating, well effluent and sales oil transport, oil/gas measurement, pumping and downhole equipment, sour gas/oil experience and familiarity with government regulation/policy is a definite asset.

The candidate must have good communication and organization skills and be able to work well with all levels in a team environment.

Legacy offers competitive compensation and benefits.

Resumes may be e-mailed to: **info@legacyoilandgas.com**

ATTENTION: Curt Labelle, Vice President, Production

Only candidates of interest will be contacted.

Legacy is a uniquely positioned, technically driven intermediate oil and natural gas company with a proven management team committed to aggressive, cost-effective growth of light oil reserves and production in large hydrocarbon in-place assets and resource plays. Legacy's common shares trade on the TSX under the symbol LEG.
